NRHyA PRESIDENT SHAELYN VERING

“I have faith that we will be able to become better leaders. ...”

HAPPY NEW YEAR EVERYONE! MY NAME IS SHAELYN VERING, AND I am starting my third year as an NRHyA officer. I am from a small town in Nebraska, where I am currently a junior in high school. I feel like Reining has always been a part of my life, and my passion for this sport not only inspired me to become an officer, but continues to inspire me to be a leader and grow our wonderful association.

One of my goals as an officer has always been to help more youth get involved, and as President, I would like to reach out even further by improving communication with our delegates through conference calls and newsletters. I am very excited about the group of delegates that have been elected this year; I know we can accomplish great things.

Also, I would like to make myself available to you! I am here as a resource to you for any questions you have or help that you may need, whether it's planning a youth meeting for your local affiliate association, signing up for the speech contest, earning VRC points, or wondering how you can become more involved. Feel free to contact me at [slidin.shae@gmail.com](mailto:slidin.shae@gmail.com)

This year I look forward to meeting with our fabulous new officer team in January to plan how to reach our goals for the coming year and getting to know them better. I have faith that we will be able to become better leaders ourselves and also create an association of youth leaders.
