

Meet Your New President

NRHyA PRESIDENT CLAIRE DITTRICH

"The NRHyA is more than just an organization for me; it is my family away from home."

GREETINGS EVERYONE, I HOPE YOU ALL HAD A WONDERFUL CHRISTMAS AND New Years! My name is Claire Dittrich and I am from Tilden, Nebraska where I am completing my final year of high school. I have been an officer for the past three years and now am honored to be elected president of such a fine youth organization. The NRHyA is more than just an organization for me; it is my family away from home. It was a great time at the 2015 Futurity and I hope you all will be able to join us next year in Oklahoma City.

As your new president, I plan on working hard to represent you to the best of my abilities. Hopefully I will be able to give as much back to the NRHyA as it has given me. I plan to work hard for you, the organization, and be faithful to my team. I am here as a sounding board for anyone with questions or concerns about the NRHyA! Feel free to email me at claire.charise@gmail.com.

I am excited to work with Kenleigh and Morgan again and get to know Ally and Taylor better. Our 2016 officer team is diverse regionally; we all come from different states—east, west, south, and north. This will provide balance and allow us to spread our message far and wide.

Most importantly, I would like to thank our past President, Shaelyn Vering, for all of the hard work she put into our youth organization. She has provided wonderful leadership to our youth.

Finally, I would also like to thank everyone who has contributed to our youth organization. You have helped us develop into who we are today! I am excited for this coming year and cannot wait to share the time with all of you!

Claire Dittrich
