

# An exciting new year for the NRHyA

NRHyA PRESIDENT MORGAN KNERR

“I hope to see many of you at the 2017 NRHA Winter Meeting.”

With it being only the second month of the new year many of us are still working on our new years resolutions. If you have a resolution to be a better leader or maybe you want to try something different this year, all while meeting new people, then I have an idea for you. This month we have our second annual youth leadership development workshop at the 2017 NRHA Winter Meeting. This year the Winter Meeting is in Fort Worth, Texas where we hope for it to be even more influential and as successful as last year.

This will be our new officer team's first time working together and getting to really know one another. I am excited to start working with them and really getting to know my fellow officers. Our team will be discussing our own ideas and goals for this year and we would love to hear all of your ideas. It will be two days full of games, leadership, getting to know one another, and lots of fun. We will learn the qualities that it takes to be a great leader which is something that anyone can use. We will also be attending the NRHA banquet where we will celebrate all the hard work of our industry's top riders in 2016.

Again, our officer team would love to hear your ideas for the NRHyA and we would love to get to know more of you. I hope to see many of you at the 2017 NRHA Winter Meeting!
