NRHA Affiliate Regional Championships and NRHyA Delegate Elections

"Delegates are very important to the youth program and the elections are a crucial part of the youth meeting."

NRHyA PRESIDENT MORGAN KNERR

Sadly, summer has come to an end and school has started back up for many of us, but luckily that means the NRHA Affiliate Regional Championships are in full swing! These events are a huge deal to many riders as they are the qualifying shows for the Adequan® North American Affiliate Championships held in Oklahoma City, Oklahoma during the NRHA Futurity.

There are several exciting activities to be a part of. Firstly, the youth meeting: this is a very important reunion for each region as the youth members vote for their regional delegates for the coming year. Two members are elected as delegates to represent their region. These delegates have several tasks as well as the important job of talking to the officers and informing us about what is going on in their region.

Delegates are very important to the youth program and the elections are a crucial part of the youth meeting. If you have any questions about the delegate program, please do not hesitate to contact me, one of the other officers, or a current delegate for more information.

The youth also have a Youth Team Tournament. This tournament is a fun way to compete with others and is different than just showing for yourself. Each team is randomly drawn and is a mix of youth 13 & Under and 14-18 competitors. The teams compete to win amazing prizes.

Also, NRHyA Raffle Ticket sales are very important as we are getting closer to the drawing and it is one of the last chances for people to buy tickets. We will also be awarding the highest seller at each Affiliate Regional Championship with a prize. With that being said, if you haven't purchased your raffle ticket, make sure to do so! We have really amazing prizes and you do not want to miss out. I wish everyone the best of luck at their Affiliate Regional Championships!
