

2023 NRHyA Affiliate Regional Scholarship Application Due by December 15, 2023

Tips and recommendations for completion:

1. Always use spell check
2. If you do not have access to typing your application (this method is preferred), you should do a rough draft on spare paper to perfect it before you write on the forms that you submit.
3. Keep the forms clean! Do not turn in forms with dirt, torn edges, food stains etc.
4. If your forms come in incomplete, they will not be reviewed. If a question doesn't feel applicable, write N/A.
5. Be mindful of the deadline and be sure to start early so you don't need to rush.
6. This is great practice for future applications and should be taken seriously as such.
7. Ask someone to read over your application for errors and clarity before sending it in.
